

EARN AMA RECOGNISED CME CREDITS IN EUROPE!

UEMS/EACCME CME credit recognition

Credits will be available to US Doctors attending all EAACI events, due to a reciprocal agreement of mutual recognition of continuing medical education (CME) credit signed by American Medical Association (AMA) and European Union of Medical Specialists (UEMS).

Under the terms of this agreement, the AMA will convert CME credit for live activities certified by the European Accreditation Council for Continuing Medical Education (EACCME), the accrediting arm of the UEMS, to *AMA PRA Category 1 Credit™*. Physicians (MDs, DOs or equivalent international degree) may have their EACCME credit converted to *AMA PRA Category 1 Credit™* by applying to the AMA. In order to receive credit, the activity must appear on the list of approved activities posted in the EACCME section of the [UEMS Web site](http://www.uems.net) (www.uems.net).

To apply for conversion of EACCME credit to *AMA PRA Category 1 Credit™*, please contact AMA office (cme@ama-assn.org) and/or visit AMA website (www.ama-assn.org).

For further information about EAACI-CME and its procedures please contact Dr Fulvio Braido at the EAACI-CME Committee and EAACI Headquarters.
